Actress to Keep Up
Field Estate Fight

BY INTERNATIONAL NEWS SERVICE
LEASED WIRE TO TRIBUNE.

London, Nov. 1.—PEGGY Marsh,
the American actress who was waging
a legal fight for a share of the vast
estate of Marshall Field, of Chi-
cago, for her son "Tony," will sail
for New York on the Baltic Wed-
nesday.

"I am going to keep up the battle
in the American courts," said Miss
Marsh. "Not that I want any of the
money for myself. I want it only for
my boy. I can support myself.
I am going to fulfill a theatrical
contract on Broadway while I am
in New York."

HARDING AND COX ISSUE LAST PLEA TO VOTERS IN PRESIDENTIAL CAMPAIGN

Republican Nominee Declares He Stands
For Business Administration for U. S.
And Protection of American Interests

LEAGUE ISSUE FIRST, DECLARES COX

Two statements were issued to-
day, one by Warren G. Harding, the
other by James M. Cox, as
those two leaders stand at the el-
ements of their political careers
leading tomorrow's election. Both
in those statements outlined to the
nation their final views of the
campaign and the issue. What they
said stands here in sum-

HARDING.—The Republican
presidential nominee is con-
fident of the result. He re-
iterates his declaration that he
will go into the White House un-
pledged. He declares he will labor to
"restore the methods of consti-
tutional government," and that he
will think for "America first." He
further declares his purpose to re-
store business methods to govern-
ment, to lower the cost of admin-

istration and to protect American
industry. He declares his cam-
paign to have been carried on with
all sincerity.

Cox.—The Democratic standard
bearer re-states his contention that
the League of Nations is the one
big issue of the campaign. He
declares he has no quarrel with
the Republican party, but is at
tacking the "senatorial olig-
archy," which he charges beat
the League in the United States
and has nominated Senator Hard-
ing. He asserts himself to be the
progressive and Senator Harding
the reactionary in the race. He
refers to his campaign through
thirty-eight states, and declares
that the decision of the voters to-
morrow will be an answer to the
"greatest question ever presented
in this country."

LEASED WIRE TO TRIBUNE.

NEW YORK, Nov. 1.—With the
opening of the polls less than 24
hours away, both Republican and
Democratic headquarters early today
confidently set up the banners which
will fly in the finish of the
presidential contest tomorrow.

"Cox and Roosevelt will win," de-
clared Geo. White, Democratic
national chairman.

W. H. Hayes, leader of the Re-
publican forces, translated his ex-
pectations into figures expressing the
conviction that Harding will have no
less than 363—probably 395—electo-
ral votes out of the possible 531.

FIGHT CENTERING
IN DOUBTFUL STATES:

"Interest" in the last day of the
great fight centers in the final, des-
perate attempt to bring out the
voters who voted with large elec-
toral votes to deliver up to save U.S.
senators in other states where the
electoral vote is not large enough
to be indispensable. The salient ex-
ample of states in the first category
is Ohio, home state of the two prin-
cipal candidates with 24 votes, while
the outstanding state of the second
class is Nevada with only three.

Other states where the eleventh
hour contest is intense, with both
parties sanguine of success are Ari-
zona, Kentucky, Maryland, New Mex-
ico, Tennessee, North Carolina, and
Alabama. All these, as well as the
Buckeye state, are claimed by both
Republicans and Democrats.

Second only in interest to the out-
come of the voting is the subject
"what will the women do?"

Leaders of both major parties dis-
claim possession of advance informa-
tion in what is to be expected of
the new class of voters exercis-
ing their franchise in all the
states for the first time.

PROPORTION OF WOMEN
TO VOTE IS VITAL:

Speculation in ordinarily well-in-
formed political circles centers about
the numerical proportion of women
who will vote tomorrow in compari-
son with the male vote, sectional dis-
tribution of the woman's vote, and
the possibility of its being as
a whole enough to overturn tables
of election probabilities compiled
over a period of years, which cer-
tain states have been "normalized" in
relation to the other.

The Socialist party has made

claims for the largest proportionate

of women's vote. With the new voters

properly belonging to the party add-

that figure, the party says they

will vote the ticket in protest against

the imprisonment of its party's pres-
idential nominee, Eugene V. Debs.

The Socialists predict a vote of at least

1,000,000. In 1916 the Socialist vote

was less than 600,000.

Although somewhat reduced from
the figures of the last two weeks
the record of over Sunday automo-
bile accidents resulting in death and
injury footed a grim total again to
day.

Three were reported dead. They
were:

WALTER V. SMITH, 728 Bush
street, San Francisco, general manager
of the Auto Supply Company.

ED. SCOTT, 32 years old, a
painter at Hollister.

SIDVIO ANDRIOME, 10 years old,
San Jose.

Among those reported injured were:

MRS. THERESA KILDAY, 189 Du-
bont avenue, San Francisco.

EARD R. STUART, Hollister.

JAMES MACHADO, 12 years old,
Wayne Station.

MANUEL PINES, contractor, San
Jose.

EDWARD HELLER, 129 Bartita
street, San Francisco.

FRANK LELLENWALD, 1670 Clay
street, San Francisco.

LORRAINE TURNER, 15 years
old, Pleasanton.

EDWARD LEWARD, 1536 Third
street, Oakland, negro.

MRS. E. GRINNIN, 768 Sixth
street, Oakland, negro.

MRS. L. WORKUFF, 768 Sixth
street, Oakland, negro.

HELEN SPRIGGS, 12, grand-
daughter of Mrs. Workuff.

WALTER V. Smith was killed and
Mrs. Kilday hurt when Smith drove at
high speed directly in front of a
truck which was driving at a
moderate rate of speed.

Stuart suffered a broken nose
when he was hit by a car driven
by a motorist who was visiting at
the surgeon's office. His name was
not learned by the doctor.

YOUTH KILLED AS

SILVIO ANDRIOME, San Jose

jumped off a track on which he
was riding directly in the path
of a machine driven by Captain Car-
lito Richmond of the St. Clare club.

He was struck, Richmond took the
boy to a hospital where death fol-
lowed.

Edward Heller, Mrs. Kelly, and
Mrs. Irvine were hurt when a street
car plowed into their automobile at
Mohawk avenue and Mission street,
San Francisco, after the engine in
the machine stalled on the track.

They are said by witnesses to have
been driving at high speed when a
car suddenly swerved and turned
over. Stuart suffered a broken nose
and numerous bruises. A boy the
men had picked up on the road was
with them and sustained a broken
collarbone. He was carried by doc-
tors home and was taken to his home
by a motorist who was visiting at
the surgeon's office. His name was
not learned by the doctor.

JOHN L. MURR, 154 Fifth street,
Oakland, swerved her machine on
East Fourteenth street to avoid a
car backing from a driveway and
struck a tree. Lorraine Turner, 15
years old, of Pleasanton, who was
with Mrs. Murr, was cut about the
head and shoulders by glass from the
windshield.

Several persons were in a ma-
chine which careened into a car
driven by Frank White of San Fran-
cisco on the Great Highway. Four
of White's ribs were broken. He was
taken to Park emergency hospital.
The hilarious party drove away.

East Fourteenth street to avoid a
car backing from a driveway and
struck a tree. Lorraine Turner, 15
years old, of Pleasanton, who was
with Mrs. Murr, was cut about the
head and shoulders by glass from the
windshield.

EDWARD TOWARD, colored, and his
four companions were hurt on Gen-
eral Avenue, Alameda, when their
automobile was struck by a Southern
Pacific electric train. The machine
was driven 20 feet through the front
window of an office. Toward was cut
and bruised, as was Mrs. Griffin.
Mrs. Workuff suffered a broken
left leg and Helen Spriggs bodily and
facial injuries.

The motorcycle which bore Silvio
Andriome of San Francisco and Miss
Machado went off the road, threw
them into the Burlingame, Redwood
and San Jose districts to the San
Francisco Red Cross hospital. They
are not dangerously hurt.

DAVIS TELLS JAPAN U. S. WILL TEMPER CALIFORNIA'S LAW

Phelan Reads Message of Colby's
Assistant and Replies That This
State Can Stand on Own Feet

OFFICIAL CALLED UNDERLING

WASHINGTON, Nov. 1.—(By Associated Press).—The State
Department declared today in a formal statement that no outcome
of the movement in California to recast State laws affecting alien
land tenure "will be acceptable to the country at large that does not
accord with existing and applicable provisions of law, and what is
equally apparent with justice."

The statement was the first issued on the land question, which
long has been a matter of conversations between the department
and the Japanese ambassador to Washington.

ANNOUNCEMENT HAS NO POLITICAL SIGNIFICANCE, WASHINGTON ASSURES

The fact that it was issued on the eve of the election in California
at which the proposed new State law is to be voted upon was
declared by State Department officials to have no political significance.

MacSwiney Is Laid to Rest; Tribute Paid by U. S. Cities

CORK, Nov. 1.—Terence MacSwiney's remains lay in an exalted section of the beautiful Cork cemetery, the grave covered by masses of flowers. The burial of the former lord mayor of Cork, after all the threats and fears that have been spread, took place quietly yesterday—only the thousands of spectators showed the services differed from the ordinary burial.

Today these crowds had melted away. Two million still kept sharp watch, amidst surprise attacks but much of the tension was relaxed. The spirit of all yesterday was so plainly for the avoidance of the disturbance that officials were greatly relieved.

Soldiers and police were in evidence at the funeral services. Their military equipment peeped from armored cars and from their own garments. Soldiers weaved their way through the crowds, watching always for any untoward act. None was discovered. When the casket finally was borne from the cathedral, soldiers and police sprang stiffly to attention and the body, resting on the shoulders of six pall bearers, had passed.

GUARDS STRUNG FROM CATHEDRAL

Guards were strung all the way from the cathedral to the cemetery—three miles. In addition, the mobile forces on motorcycles and in lorries patrolled the entire district.

The procession was held within the quarter of a mile length as demanded by the government, but there was no limiting the thousands who lined the streets through which the casket passed.

An archbishop and two bishops conducted the services over MacSwiney's body. Uniforms of the San Feinets were excused from the services but the Irish volunteers acted as an honorary guard over the casket. A squad fired salute over the grave after soldiers and police had disappeared. An airplane flew over the procession, dropping flowers in its path.

constitutional Amendment No. 6, raising the salaries of the Justices of the Supreme Court and District Courts of Appeal should receive the favorable vote of every man in California," said Jeremiah Sullivan, president of the Bar Association of San Francisco and chairman of the judicial salaries amendment committee, in a statement issued by him at San Francisco yesterday.

The justices of these courts are to be relieved from the obligation to contribute to the salaries of the state supply the demands of 1920," he continued. "The appellate courts are doing three times the work they did in 1906, and yet

use of the depreciation in the buying power of their salaries are today receiving fifty per cent less than they were four years ago. The increase of 25 cents provided by this amendment will only in a measure restore purchasing power.

JOE BENTON AND THE COST OF LIVING.

Instead of kicking about higher high taxes and cost of living not work and vote for the rem that lies within your own reach. "Yes" on Amendment Number this will lessen the clutches of land hogs and profiteers. Vote "on Amendment No. 20. This take all the taxes off the labor man, and instead tax the unused same as the lot is in use. It will mean less vacant city lots, homes, lower rents. It will not tax the land the same as the land use. Meaning less vacant land farms, more food. Vote "Yes" on Amendment Number 20. It is a vote for yourself and family and of the greedy profiteer. Tribune Recommends Eight Amendments and Urges That Electors Quash Nine Others

Regarding practically all the legislative propositions on the State ticket which have been submitted to the electors by referendum or initiative The TRIBUNE has printed editorials analyzing most of the propositions and stating this newspaper's recommendation to the voters. The following is a condensation of the propositions and the recommendations. The numbers and titles are the same as appear on the ballot.

1. Alien Land Law	Vote Yes
2. Prohibition Enforcement Act	Vote Yes
3. Sentences of Justices	Vote Yes
4. Initiative	Vote Yes
5. Direct Legislation	Vote No
6. Prohibition Compulsory Vaccination (This title is misleading)	Vote No
7. Prohibiting Vivisection	Vote No
8. Potowmuk Act	Vote Yes
9. Highway Bonds	Vote Yes
10. Constitutional Convention	Vote No
11. Alien Poll Tax	Vote No
12. State University Tax	Vote No
13. Community Property Law	Vote No
14. Insurance Act	No Recommendation	
15. Irrigation District Act	Vote No
16. School System	Vote No
17. Absent Voters	Vote No
18. Exempting Orphanages from Taxation	Vote Yes
19. State Aid to Institutions	Vote Yes
20. Land Values Taxation (Single Tax)	Vote No

LOCAL BALLOT

Regarding the municipal ticket for the city of Oakland. The TRIBUNE's recommendations follow:

- Proposed to amend section 80 of the charter, taking certain employees out of civil service and placing them under political control. Vote No.
- Proposed to amend charter procedure for the Referendum initiative and recall by requiring all citizens desiring to sign a petition to do so to go to the city clerk to do so. Vote No.
- Proposed to amend Sections 81 and 82 of the charter to deprive public employees of the right of appeal to Civil Service Board in case of their dismissal by department heads. Vote No.
- Proposed ordinance increasing the pay of employees of the Fire Department. No Recommendation Bond proposition to raise \$225,000 for the purchase of lot and building to be dedicated as memorial to war veterans. Vote Yes

On the State ticket of judicial offices, which are non-partisan, there is only one apparent contest—that of associate justices, district court of appeal, first district, second division. Under this heading on the ballot appear three names—John T. Nourse, George A. Sturtevant and Frank S. Britain. Judge Britain in a public letter stated he is no longer candidate for office and has asked his friends not to urge his candidacy or vote for him. This leaves only two actual candidates for justice of this court and there are two places to be filled. Therefore, vote for

John T. Nourse.
George A. Sturtevant.

They All Claim Big Prohibition Party Victory Tomorrow Looks Toward Senate

CHICAGO, Nov. 1.—Claims and counter claims with some indications of old time political enthusiasm marked the conclusion of the Presidential campaign in the central west today. Campaign managers made all sorts of extravagant claims in some instances the total combined vote claimed by both sides being fifty per cent over the total number of voters.

Reports from various states showed unusual precautions to guard against fraud and intimidation of women voters.

In Illinois a bitter gubernatorial race was marked by claims of victory by either candidates, former Senator James Hamilton Lewis, Democrat; Ben Small, Republican supported by Mayor Thompson, of Chicago and his organization, and John Maynard Harlan, Independent Republican, were the candidates

Act Demonstration To Be Held in Capital

WASHINGTON, Nov. 1.—The Democratic campaign committee of the District of Columbia is planning a League of Nations demonstration in front of the White House tonight. It is planned to have League sympathizers grouped by states, march up Pershing Avenue, then to the executive mansion, where patriotic songs will be sung and patriotic brief addresses will be made.

In the State of Washington and South Dakota, where non-partisan league members have supported the farmer-labor state ticket, Mr. Brown said he expected his party to make a clean sweep. He said:

"The election on the farmer-labor ticket of C. J. France of Washington, Tom Ayres of South Dakota and Miss Anne Martin of Nevada, to the United States senate, we hold to be absolutely certain."

MORE TRUTH ON AMENDMENT NUMBER 6

Amendment No. 6 is designed to assure the fulfillment of the intent of our State Legislature when it provided in the present vaccination law Section 2, that the children of parents or guardians conscientiously opposed to the practice of vaccination should be exempted therefrom. It is because the present law does not amply protect those who object to vaccination and does not control the university that this amendment to the constitution is offered for adoption. In many instances there has been unwarranted exclusion of school children, hundreds being deprived of school privileges for which their parents pay taxes. The California State Board of Health in an official bulletin makes the statement that eighty per cent of the parents of California school children are opposed to the practice of vaccination and will not consent thereto.

What Other Progressive States and Countries Have Done

Laws against compulsory vaccination have been enacted in Illinois, Minnesota and a number of states of our Union where compulsory vaccination has been abandoned and smallpox has steadily decreased. In Utah it was made illegal in 1907 to compel vaccination and no outbreaks of smallpox have occurred in these thirteen years. North Dakota also has a law against compulsory vaccination. In a recent decision of the Supreme Court of North Dakota in the case of Rea vs. Board of Education, 171, N. W., 103, held that unvaccinated children could not be excluded from the public schools of that state, and in the opinion handed down by Justice Robinson, it is said:

"We must consider not only the statutes, but also the origin and nature of smallpox. It prevails and becomes epidemic only in countries where the population is dense and the sanitary conditions are bad. It was in such countries, and in days when sanitation was unknown that the doctrine of vaccination was promulgated and adopted as a religious creed. Gradually it spread to other countries where conditions are so different that vaccination is justly regarded as a menace and curse. Hence, were vaccination to become general, it would be certain to cause the sickness or death of a thousand children where one child now sickens and dies of smallpox."

England abandoned compulsory vaccination in 1898. Since that time vaccination has steadily declined there and deaths from smallpox have diminished to even a greater extent. From 1868-72, 91.7% of the children were vaccinated and the general death rate was 237 per thousand. From 1914-18 only 4.7% of the children were vaccinated and the death rate was 112. In other words, the death rate with practically all children unvaccinated was less than one-half of that when practically all of the children were vaccinated.

At the present time more than one-half of the people of England are unvaccinated, the percentage running as high as 86%. IN THE GREAT CITY OF LEICESTER — IN THAT CITY, WHERE VACCINATION HAS BEEN UNKNOWN FOR MANY YEARS THERE HAS NOT BEEN A DEATH FROM SMALLPOX FOR FOURTEEN YEARS.

The Leicester Method of Preventing Smallpox Without Vaccination

This is a gift of what Health Officer Millard, a pro-vaccinist, says of the success of the Leicester method of preventing smallpox without vaccination:

"The two crucial and outstanding facts which I wish to lay stress upon, are: (a) The unexpected and remarkable experience of the town of Leicester, which for thirty years has abandoned infantile vaccination, yet has shown an enormous decline in smallpox mortality.

"(b) The fact that although infantile vaccination is falling more and more into disuse throughout the whole country, yet smallpox, contrary to all pro-vaccinists' expectation and prophecy, continues to decline and has almost disappeared."

"The striking facts that in Leicester, without infantile vaccination the decline has been greater than in most places, and that throughout the country smallpox has continued to decrease in spite of the falling off in vaccinations, should surely be sufficient grounds for legitimate doubt. * * * * 'IF IT CAN BE SHOWN THAT 'SANITATION' THOROUGHLY CARRIED OUT, IS ALONE SUFFICIENT FOR THE EFFECTIVE CONTROL OF SMALLPOX IN THIS COUNTRY (AS IN LEICESTER), WHY INFECT UPON THE COMMUNITY UNIVERSAL VACCINATION WITH ALL ITS INSEPARABLE DRAWBACKS? MOREOVER, WHAT JUSTIFICATION CAN THERE BE ANY LONGER FOR COMPELSSION?'

IS VACCINATION AND INOCULATION SAFE?

George E. Ebright, M.D., President California State Board of Health, in the official argument against Amendment No. 6 on page 23 of "Amendments to Constitution and Proposed Statutes," says: "Within the last two years alone over 3,000,000 persons have been vaccinated in this country without a single death."

This is not the fact, although public records do not show many cases of death from vaccination. THIS IS BECAUSE VITAL STATISTICS IN THE UNITED STATES ARE IN CHARGE OF DOCTORS WHO REFUSE TO ACCEPT CERTIFICATES OF DEATH FROM VACCINATION. A case in point occurred a short time ago when Dr. H. L. Stambach, a prominent physician of Santa Barbara, offered a certificate of death from vaccination which was refused. He vainly tried to have said certificate accepted, but all attempts to force its acceptance were futile. He has made an affidavit of the facts in connection with the matter which can be produced.

AFFIDAVIT OF THE RESULT OF VACCINATION AFFIDAVIT

State of California,
County of Alameda.

Adelaine De Lima and Manuel De Lima, being each severally sworn, depose and say: That they reside at No. 2722 East Ninth street, Oakland, California, where they have resided for the last 2½ years; that they are the parents of six children, four girls and two boys; that their youngest son, Daniel De Lima, is 7 years old and has been attending the Lazear public school for one year.

That in March, 1920, the little boy was informed by the nurse at the Lazear school that he must be vaccinated; that Daniel protested against being vaccinated and told the nurse that his mother did not wish him to be vaccinated, but despite his objection and without notice to the parents, the nurse vaccinated him; that during the next few days his arm became swollen to twice its natural size and his entire body became affected and large black spots appeared all over his body and the child had cramps in his legs and arms, and could not stand or walk, but had to be kept in bed.

That a doctor was called to attend the child, but after three weeks gave him up. That a second doctor was called and he took the boy to the free public clinic, Grove and Thirty-second streets, Oakland, where a number of doctors worked over him.

That after the boy had been one week at the clinic, the nurse there informed one of affiants that he was suffering from rheumatism and tonsilitis and asked permission to operate on him; that affiant refused to permit further operation, whereupon she was ordered to take the boy home.

That she did so, and for eight weeks the boy has been at home in bed a hopeless, helpless invalid.

That no less than seven doctors have attended him during all this time and none can help him, but all pronouncing him an incurable cripple.

That the child is still under a doctor's care in the hope that something may yet be done to help him, but he suffers terribly and is wasting away day by day.

That before Daniel was vaccinated he was a perfectly healthy, happy, normal boy, who played on equal footing with his fellows, but since and from the day of his vaccination he has been and now is, a helpless, bed-ridden invalid, suffering untold pain and given up to die by the doctors; that all this trouble is due directly to his vaccination, which was done without our knowledge and against our wishes while he was attending the Lazear school, a free public school of the city of Oakland, California.

Amendment No. 6 does not abolish vaccination, does not permit unclean or infected children, nor children from homes where there is contagion, to attend school, and does not break down necessary health or sanitation laws, because it does not annul or change any present law.

Attendant Are Named For Wedding

The wedding of Miss Helen Coogan and Robert Gemmel Adams, which is to take place November 24, will be the most interesting wedding of the month, both families representative of the civic and social life of the city from the top down. The bride selected as her attendants Miss Elva Ghirardelli as maid of honor, the only adults attendant, and the two little maidens, Misses Dorothy and Dorothy, daughter of Mr. and Mrs. John J. Donovan (May Coogan) and Kathleen Coogan, the daughter of Mr. and Mrs. Albert Coogan of Alameda, will be the little flower maidens. Arthur Adams is to be best man for his brother. One hundred guests from both sides of the house will be at the home of Mr. and Mrs. Timothy Christopher Coogan in this city, for the cere-

mony. Rev. Charles Luther Kloss, pastor of Plymouth Congregational church, will officiate.

CARDS OUT FOR LUNCHEON

Mrs. Noble Newsom has sent out cards for a luncheon to be given at her home Saturday evening in honor of Madeline Clifford, who will sail December 13 with her parents for the Hawaiian Islands. On November 25, Mrs. Clifford is to entertain the Misses Fletcher, Gering and Miss Davis Bremner at tea at the Ross home in Piedmont.

Mrs. Edgar Holmes Lion will entertain at her home Saturday, at her home in Taft street, Alameda, with Miss Dorla Bornemann and Miss Fife Smith sharing the honors.

Miss Mabel E. Clark gave a Halloween party at her home Saturday evening, and was assisted by her mother, Mrs. H. Frank Clark. The guests were Misses Zora, Mrs. C. Irene, daughter of Dr. and Mrs. Carl McMillan of Washington, D. C., and Miss Werdna Moen of Texas, who is visiting her aunt, Mrs. James P. Steele of Chico. The guests included twenty-nine all wearing costumes. In company with the society of Halloween, Miss McMillan and

MISS MIGNON HENRICH, who will share the honors with her sister, Miss Myrtle Henrich, at a tea at the Palace next week.

The announcement of the engagement of Harry Morrison of Crescent City and Miss Mildred Burrill of Berkeley was made Saturday evening at a birthday dinner and Halloween party at the home of the bride's mother, Mrs. E. Burrill of Pinewood street. News of the betrothal came when the guests were seated at the dinner table. The Halloween place cards bearing the names of the engaged couple were used.

Morrison is a student in the University of California College of Engineering. Miss Burrill is a member of a well-known family in the northern part of the state, the family residing in Siskiyou and Lassen counties. The wedding will not take place until the bride-elect has graduated from the University.

Plans have been completed by the Iphesian club for their Fall Banquet to be given at the Home Club Cottage and Front Avenue, Oakland, on Friday evening.

The same orchestra that aided in

the success of the dance at Claremont Country Club, a success in plan for the Iphesians, is to be

in the course of the evening.

Several innovations are to be introduced in

the course of the evening.

If You Look Pale, Feel Gloomy

Mangan and Build Up

You see men and women who are never sick. They work hard, look robust, eat heartily and enjoy life. They have plenty of rich, red blood. That is why they are never ill.

People who try to get along with weak, impoverished blood always have a struggle. They go from one sickness to another. Children the same way.

If you keep your blood rich and red you'll enjoy full vigor. Disease has little chance to develop in healthy blood. As soon as you feel run down take Pepto-Mangan for awhile. It will feed your blood with the ingredients needed to create a good supply of red corpuscles.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. They are alike in medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name, "Gude's Pepto-Mangan," should be on the package.—Advertisement.

REB CROSS BOARD PLANS ITS FOURTH NATION ROLL CALL

The American Red Cross is still the Greatest Mother of the World, hence the fourth annual roll call, announced for two weeks beginning Armistice day November 11. Oakland chapter stands at the top of the Pacific field group in membership and in practical work accomplished in relief and philanthropy during the last year. That record is to be expressed in the roll call and program which is now being launched by a large campaign committee of men and women active in patriotic service.

"The Spirit of Service," an unusual clinic depicting the work of the Red Cross at home and abroad, has been sent to the Oakland chapter for view on Thursday afternoon, from 3 o'clock, on the third floor of the Perry building, 414 Thirteenth street. Preliminary plans for the November membership drive will be launched at this time. Directors, campaign captains, volunteer lieutenants and members are invited to witness the exhibition.

Judge W. H. Donahue will give a short talk. Headquarters for the roll call will be located in room 318, City Hall.

More than 2000 families were assisted during the past year by Oakland chapter, in addition to the aid given in the Federal vocational department and the free employment bureau for ex-service men.

Members of the 1921 roll call campaign committee are: Mrs. Wallace M. Alexander, Mrs. Frank M. Avery, Mrs. Horatio S. Bonestell, Mrs. E. J. Boyes, Joseph E. Calne, Mrs. J. F. Condon, Mrs. W. that mediums have applied to every spirit they claim to have called for since their profession began.

"Unless we are happy," I tell my audience, "how can we expect joyous comrades to leave their homes to light to join our circle?" There is nothing morbid in my sayings. I personally get quite a lot of fun out of them, and I see to it that my friends enjoy the experiences too.

I leave scientists to explain the raison d'être of table-turning to their own satisfaction. I tell my sitters that the spirits like to hear us laugh, and so they cause the furniture to indulge in the most ridiculous antics for the purpose of themselves enjoying our amusement.

This brings me to a difficult point in my confession. Frankly, I have never accounted to myself for my satisfaction for all my experiences of table-turning. Of course, I have engaged such things by means of tricks, but also have seen my furniture do things that were previously rehearsed, and which it was difficult afterwards to duplicate by mechanical means.

In preparation for table-turning I seek the assistance of a gentleman friend. Two strips of wood are tied to his arms and remain concealed by his shirt cuffs. My friend takes part in the seance as an ordinary sitter, and when the time comes for the table to move he merely lowers his arms to the level of the table top, pushes his hands slightly forward to bring the strips of wood beneath the table ledge, and all is ready for things to happen.

A Genuine Incident

It will be clearly seen that if my accomplice passes his fingers over the top of the table and raises his arms the table will be lifted. In this way it can be rocked, turned, dragged round the room, and, in fact, raised off the floor in the most approved spiritualistic fashion without any assistance from me.

On one occasion my accomplice omitted to wear the wooden supports, and, coming late to the seance, had no opportunity to inform me of the fact before I announced my intention to give a table-turning display. My friend assumed that I had made other arrangements, which I had not done, and I imagined that he was ready to assist in the usual manner. That night the table behaved in a most extraordinary way. Instead of us dragging it round the room, the table literally wobbled across the

room.

38 Horses Killed in Capital Stable Fire

SACRAMENTO, Nov. 1.—Fire, thought to have been caused by a lighted cigarette, yesterday afternoon swept the stables of the Capital City Scavenger Company, Thirteen and U streets, burning to death 38 head of horses and destroying two hundred tons of hay and a number of wagons and other property. The animals were valued at \$100 each and the total loss is estimated at \$15,000, covered by insurance.

The barns covered one-half block

and the blaze spread so rapidly that only six of the horses in the stalls could be released.

Rigger is Drowned

At Union Iron Works

SAN FRANCISCO, Nov. 1.—Joseph Sures, 22, rigger at the Union Iron Works, fell into the bay yesterday morning and was drowned. Witnesses say he was shifting some lines on a barge and missed his footing. The body was recovered.

This malignant growth has menaced California's life for eight years. It can be removed, never to return, by voting for Amendment 4, which will keep single tax off the ballot until 25 per cent of the voters favor it.

TURKISH SHIPS AT N. Y.
NEW YORK, Nov. 1.—The Turkish passenger liner Gul Djemal, the first steamer flying the Turkish flag to enter this port within memory of the oldest ship news reporter, was detained today at quarantine upon arrival from Constantinople and Gibraltar for examination of some of the passengers by the health authorities. There was one case of typhoid on board.

Single tax proposed in Amendment 20 would release nearly Five Billion Dollars in this State from Taxation, including public utilities and corporation franchises and securities, personal property and all improvements, including all city buildings. The huge tax on this sum would be added to the burden of the farmer and the homeowner.

It would treble taxes and result in the confiscation of land by the State.

Hiram Johnson Endorses
Samuel M. Shortridge
for U. S. Senator

Hiram Johnson says:

"The big issue of this campaign, only second in importance to the success of our Presidential candidate, is the election of the United States Senators."

"In the forefront of the fight, valiantly battling for Americanism from the inception of the contest, has stood the Republican nominee for United States Senator, Samuel M. Shortridge. Mr. Shortridge possesses an ability second to none; he has the wisdom of statesmanship. When it was neither profitable nor popular, with rare courage he fought the good fight upon the campaign's dominant issue, and endeared himself to those who, in the recent months of stress, have ever had first in mind our own Republic. In fair, upstanding fight he won his nomination."

"He is entitled to the support of all Republicans, as he has earned the gratitude of all Americans. Our success this year will be incomplete unless we send to the Senate Samuel M. Shortridge."

NAILING THE LIES

- 1 No Chiropractor has ever been examined or licensed *as a Chiropractor* in the State of California.
- 2 No Chiropractic Institution has been recognized by the State Board of Medical Examiners since 1915.
- 3 No member of the Medical Board has published over his own signature that they (The Medical Board) were willing to give the Chiropractors, now engaged in practice in this State, permission to take the examination to establish their competency as *Chiropractors*.
- 4 No. 5 is Not an Anti-Health measure.

Read the Telegrams reproduced below. These are positive statements coming from two of the States where Chiropractic is given legal recognition.

We have in our possession numerous statements to prove that Chiropractic, where given legal recognition, has been of immense benefit to the public.

- 5 The Chiropractic Initiative is not being promoted by Chiropractic Colleges or by "Advertising Specialists." Over Eight Hundred Reputable Chiropractors of the State are supporting this measure.

The bill, if passed, provides that only two members of the Board shall be graduates of the same College. No person, directly or indirectly connected with a Chiropractic College, can be appointed on the board.

- 6 The Welfare of the public can only be protected by a responsible Board of Chiropractors. Chiropractors ONLY understand Chiropractic. They alone are capable of passing upon the competency of members of the profession.

If one desired information regarding the Christian religion, he would not consult a Buddhist priest as to the competency of a Christian minister to preach the gospel.

- 7 Chiropractic regulation is a success. In the sixteen states that have adopted similar laws, not one has been amended or repealed.

GOVERNOR COX WILL MAKE FINAL SPEECH IN TOLEDO

By HERBERT W. WALKER,
United Press Staff Correspondent,
DAYTON, O., Nov. 1.—Governor
James M. Cox, determined to fight
until "the last minute," will end the
greatest stump campaign ever made
by a presidential candidate with a
speech in Toledo.

It probably will be just about one
hour before midnight ushers in election
day when the governor gives to
the American electorate the last
word of his nation-wide battle for
the presidency. Although realizing
he was forced to start his campaign
so late, the odds are in his favor of
victory tomorrow, because it will
be carried over the 265 electoral vote
mark by a tide for the League of Na-

The governor has traveled approx-
imately 21,000 miles since he ac-
tivated the nomination about 12
weeks ago. His estimate is that in
more than 450 speeches, he has
spoken to two million people. Since
September 21 he has been traveling
virtually every day, making his
"home" the private car "Federal."

VISITS 30 STATES

Using the broadest motor cars,
trolleys and farm routes, Cox has
visited the extreme north and the
southeastern corners of the country.
New England as far north as New
Hampshire, and the "solid South" as
far south as Nashville. He carried
his campaign into 38 states, but
never seemed to lose his character-
istic air of unconcern. Even his op-
ponents admit that he never stopped
fighting.

Despite the strain of his extensive
travel, the governor is in excellent
physical condition. His voice still is
strong, although he has spoken in all
kinds of weather. He gulped slightly
in water during the night.

Cox is ending his campaign at To-
ledo, because Ohio Democratic lead-
ers have a "bunch" that do so will
place the governor under a lucky
omen. Three of his gubernatorial
campaigns were ended there, and all
three times he was elected. When
he failed to make his final speech
for the governorship there he was
defeated.

The much-heralded "Cox luck"
will also be given an opportunity to
live up to its reputation when the
election begins to come in this
Tuesday night.

COX TO FOLLOW "HUNCHES".

Cox was elected governor every
time he spent the night in his news-
paper office here and defeated only
when he remained at his home. He
will receive the returns from special
press association wires in the same
room of his newspaper office where
he was born, from his nomination
by the San Francisco convention.

A "lucky telegraph instrument"

will be relied upon to bring only
"good news." It brought to Grover
Cleveland, William H. Taft and
President Wilson the news of their
elections. Whenever it's owner, a
New York man, has gone to it a
presidential candidate has won.

Cox today expressed himself as
"highly pleased" with word that a
"big swing" toward his candidacy is

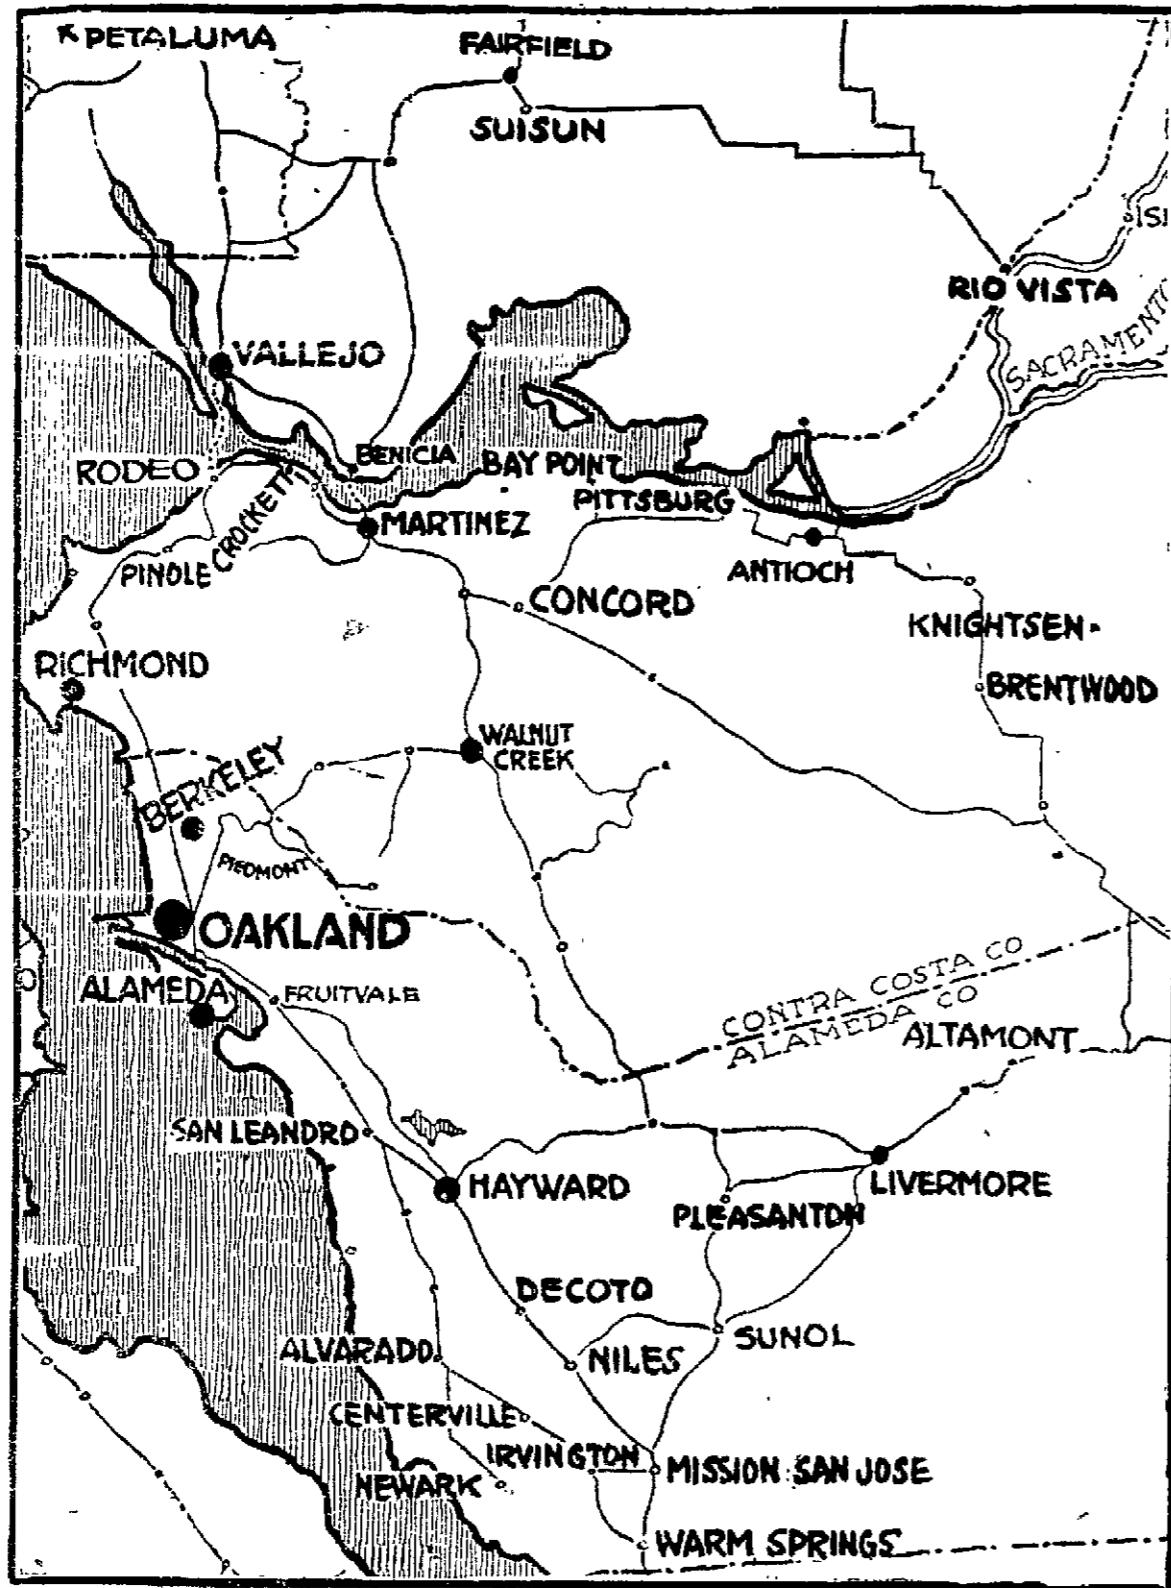

on the League of Nations.

"I am thoroughly convinced," he
said, "that the sentiment of America
is never far away in favor of the
League and our entrance into it.
"I am in favor of going in; Senator
Harding is in favor of staying out.
The verdict of November 2 means joy
or despair, world wide."

LISTEN FOR THE BLAST!

Persons within a radius of more
than a score of miles from San

their homes tomorrow night and
learn the result of the national elec-
tion without so much exertion as
using a telephone.

This will be made possible by
The OAKLAND TRIBUNE'S signal
system, operated in connection with
the great industrial plants along the
bay from the upper estuary to Al-
bany. Sirens will sound thus:

One long blast if it's Harding.
A series of short blasts if it's Cox.

TRIBUNE election re-

turns will be shown in
Hayward at The TRIBUNE
agency, Carron's News De-
pot, tomorrow night. The

figures will be flashed on a
large screen by a giant
stereoptican. Service will be

fast, will start at darkness
and end when the results

are definitely known.

In the meantime the news will be
sent to all the outlying bulletin cen-
ters designated below.

While this is going on the United
Press loop wire in the offices of Rose
and Silver, the plaza building will
begin forth from the huge stereopticon
to the mammoth screen on the
San Pablo side of the Kahn building.
Direct wires will take the bulletins

Berkeley, where they will be
flashed by stereopticon to the Bow-

man drug store building, and to
Alameda, where they will go up on
The TRIBUNE branch building.

TRIBUNE wires will connect with

exclusive Associated Press des-

patches on this side of the bay.

Outlying towns of Alameda, Con-
tra Costa and Solano counties will be
thoroughly covered by The Oakland
TRIBUNE's election return service.

Not only will The TRIBUNE's corps

of correspondents in these towns
gather the totals and send them to

The TRIBUNE as soon as they are
gathered, but complete election re-

turns all over the nation, but it
will have the added advantage of its
own special service in the central
part of the state. As the news ser-
vice will base their own reports for
this district on the information sup-
plied them by The TRIBUNE, it will
be seen that The TRIBUNE's reports
will be ahead of the news service re-
ports.

LAST APPEAL FOR UNIVERSITY MADE

BERKELEY, Nov. 1.—"Stand by
the University," was the last-minute
appeal issued today to the bay city
voters by the students and alumni
of the University of California cam-
paigning in the interest of Amend-
ment 12.

The appeal for the measure, which
will supply the State University with
funds proportionate to an increased
enrollment of 200 per cent since
1912, and to a greater increase in
mands on the university for service
to the state in industrial, agricultural
and educational lines, as follows:

"In expressing our appreciation to
citizens of the bay cities for their
support of the university's cause, we
feel confident that the bay cities,
neighbors as they are of our great
state university at Berkeley, will
vote tomorrow in insuring by an
overwhelming majority the passage
of Amendment 12 in the bay coun-
ties."

NEEDS APPARENT.

"The needs of the university are
apparent in all branches, class-
rooms are so crowded that students
are forced to sit in the aisles, or to
abandon courses altogether. Our
faculty, already far too few in number,
are forced to leave because of
inadequate pay and lack of facilities
for their work. One-third of the
staff of the College of Agriculture
left at the end of last year."

"It is to the importance of the
university's turning to agriculture and
industry, this is woefully hampered.

"The needs of the university are
apparent in all branches, class-
rooms are so crowded that students
are forced to sit in the aisles, or to
abandon courses altogether. Our
faculty, already far too few in number,
are forced to leave because of
inadequate pay and lack of facilities
for their work. One-third of the
staff of the College of Agriculture
left at the end of last year."

"The University of California, with
its enrollment of 11,542 students in
regular courses and in many other
thousands in extension and in agricul-
tural courses, is the largest in the
Union."

"AMERICA NOT READY.

"The answer of the Democratic
group is 'Yes.' The answer of the
Republican party and its candidate
is 'No.'

"The reason for answering 'no'
to the question drawn by our op-
ponents is that America does not
read to mortgages and canceled
to the Old World, to engage to
send her boys to war to carry on
an old European controversy or
place her resources at the beck and
call of a group of shrewd diplo-
mats acting for an armed alliance
masked under the benevolent title
of the League of Nations.

"America has already given up
the proposal to give up our
national and our foreign debts, the
answer is 'no' and 'no' is the
answer of the Republican party."

"PERMANENT INCOME ASKED.

"In all departments, the same con-
dition exists. Unless a steady, per-
manent income is obtained Califor-
nia's university must be run as a
second, or third class, university."

"Amendment 12, providing a mil-
lion dollars for the support of
the university, is the only solution.
Judge Warren Oliver Jr., associate
justice of the state Supreme Court,
and Professor Carl C. Plehn, one of
the foremost tax authorities in
America, have declared the plan
proposed by the amendment finan-
cially a sound one. The amendment
has the hearty endorsement of Lieu-
tenant Governor G. V. Young, Senator
F. D. Roosevelt, president pro tem
of the Senate, Henry W. Wright,
Speaker of the assembly; Mrs. Aaron
Schloss, president of the California
Federation of Women's Clubs; Assem-
blyman Edgar S. Hurley, pres-
ident of the League of Women
Citizens, and many others."

"CONSOLIDATE AMERICA.

"I want to consult America first
and take a course which will unite
America and make it possible to
join a world fraternity of nations,
rather than a course which will
divide America and make it im-
possible for us to do anything. A
Democratic victory means a con-
tract deadlock with the Senate, which
will be fruitless forever."

"Our opponents have asked the
American people to approve their
draft of a league. The American
people have said 'No.' This means
that the man who is elected Presi-
dent must set his face toward a
constructive plan. I have pointed
the way."

"The other issue in this campaign
arises from the need of a definite
constructive policy for putting our
country in the right position in
relation to the repairs and reconstruc-
tion which eight years of Democratic
mismanagement have made necessary.
A little more of this mis-
management and of its wastes
would put our industry, business
and agriculture on the rocks."

"That the author of the column
has not borne this expense is too ob-
vious to mention."

"The Washington correspondent
of a large Democratic newspaper
here in the east today volunteered
the information that, to his personal
knowledge, the lying stuff, printed
mimeographed or typewritten, was
in evidence on Governor Cox's
special train and disseminated by a
young man closely connected with
the Ohio Democratic State Com-
mittee."

"The giddy facts speak for them-
selves. In all the columns of Amer-
ica, there is nothing approaching
this infamous chapter in the history
of our country. The right wing
wishes to bring down the govern-
ment and the left wing wishes to
keep it in power."

"To the everlasting credit of
American journalism, no Democratic
newspaper of consequence has been
so debased as to lend itself to such
campaign methods or touch the
slander."

"It has been more than a 'whispering
campaign.' It has been a sin-
ister plot and conspiracy."

MONDAY, NOVEMBER 1, 1920.

VOTE!

Tomorrow is the day of deeds. The hours of conversation and monologues have come to an end regarding the national campaign and the various State and local issues to be determined at tomorrow's election.

The immediate past has been the time of opinion and the formulation of judgment. Tomorrow is the time for the performance of duty.

No good citizen will neglect to vote tomorrow if it is possible for him to reach the balloting place. Vote and vote as early as practicable.

Make an early start and vote before leaving for your office or place of work. Don't wait until the last hour before the polls close. It is a long ballot and will take considerable time to mark it. Make it easier for the election officials by avoiding a rush at the last minute.

AN ATTACK ON A SPLENDID WORK

An eleventh-hour political pamphlet issued in the interests of an opponent to Supervisor John F. Mullins would attack Mullins and the board for the creation of the Alameda County Institutions Commissions, an organization devoted to the solution of the county's hospital problem and the care of the sick, poor and aged.

For the creation of this very commission Mr. Mullins and the Board of Supervisors are deserving of more credit than for any other single act they have done. It has removed the county hospitals from politics and put them in the hands of a board of men and women who have the time, vision and knowledge to devote to the work.

The question of management of large and separate county problems is one that is being met the country over by the appointment of groups of experts who will serve, without pay, that the community shall have received for its efforts the utmost in result. City councils and boards of supervisors are finding that they have not the time nor the specialized qualifications to manage hospitals, for instance, and the logical solution is to call in from the citizenry those men and women who are best qualified. The great hospitals in Toronto, Montreal, and the new Massachusetts General Hospital, three of the largest of the newer institutions, are all governed by the appointed board.

As Mr. Joseph King, chairman of the Institutions commission, aptly says: "We see no reason why this Commission should be used as a political cudgel against Mr. Mullins. With his support and assistance we have been able to bring in the solution of this most difficult problem the time, experience, and knowledge of men and women, whose services are not obtainable for money and we are altogether of the opinion that he deserves commendation for his courage and good work."

No "attack" on any supervisor for his having had a part in the naming of the Institutions Commission will do anything but add to his political strength. Mr. Mullins took part in a movement to eliminate politics, work out economies, and place the county institutions on a producing basis.

PROHIBITION ENFORCEMENT?

Legislative Proposal No 2 on the ballot for tomorrow is the prohibition enforcement act. This act was passed at the last session of the legislature and is submitted to the electors by referendum. It defines intoxicating liquor as containing more than one-half of one per cent of alcohol and in other features conforms substantially with the Volstead act of Congress. It was the design of the proponents of the act to place the State in a position to participate in the enforcement of the eighteenth amendment to the federal Constitution and the federal statute resulting from that amendment.

The prohibition amendment has been ratified and both the amendment and the Volstead law have been declared constitutional by the United States Supreme Court. Every State in the Union is under a plain obligation to conform to the federal Constitution and laws, whether the matter involved is prohibition, slavery or equal suffrage. The amendment provides that the federal and State authority shall collaborate in the enforcement of prohibition. While the Supreme

Court has held that the federal provisions may be enforced without reference to any law the State may enact, The TRIBUNE believes that the State should bring itself into conformity with the federal acts.

In this connection, however, it seems appropriate to point out that the argument of State Senator Harris, author of the law, and others that the referendum is an attack on the Federal Constitution and for the purpose of preventing or crippling its enforcement in California is false. It is an argument seemingly designed to bulldoze the citizens into voting without reference to their conscience.

Neither would the defeat of the Harris law make California a nullification State. Enforcement of prohibition would be conducted by and at the expense of the federal government without reference to California's opinion expressed at the election. The statement that "the question is not prohibition, but law and order," is untrue. Law and order will prevail without reference to the decision on the Harris enforcement act.

These statements by the prohibition advocates probably have turned many votes against the enforcement act. But notwithstanding these and all other attempts to make the people believe they have not freedom of conscience with reference to any question, The TRIBUNE believes it will be in the best interest of the State and Nation if California's laws are brought into positive and outright coordination with the national law and policy.

Therefore, vote "Yes" on proposal 2.

SAVE CIVIL SERVICE.

On the municipal ballot of tomorrow's election are two propositions which have been submitted by the civil service scuttlers at the city hall.

They are proposals 1 and 3. The first takes certain employees out of civil service and places them under the political control of the elected commissioners. The other deprives public employees of the right of appeal to a non-partisan and impartial board for a showing of the cause of their dismissal by elected officials for political, personal, religious and other reasons.

Vote against proposals 1 and 3 and save the civil service merit system.

Proposal No. 2 is submitted by the same clique in the city council that would destroy civil service. It would nullify the recall by requiring all persons desiring to sign a recall petition to go to the office of the city clerk to do so. The city clerk is under the control of politicians elected to office.

Vote against proposal 2 and defeat the effort to scuttle the recall.

WATER CONSERVATION

In its annual report recently submitted to Governor Stephens the State Railroad Commission made some very interesting observations regarding the water supply of California. It emphasized in so far as it was able to appropriately do in an official report of its activities the need of water conservation. It said:

"The problem of conservation and distribution of water is now and for the next quarter of a century will be the most important factor in the development of the State's natural resources. The experience of the last water shortage brings out the thought that there is no endeavor which will more constructively tend toward the development of the State than the storing of flood waters which now discharge into the ocean during the winter months, and of reorganizing and extending existing irrigation systems which are now handicapped by an inadequate water supply."

For the last five years, in and out of season,

The TRIBUNE has been urging the necessity of conserving the State water supply and the natural storage reservoirs of water—the forested areas. There is no more inexpensive, reliable and equitable storage facilities of water than the forest covered hills and mountains. If the mountains were entirely denuded of wood growth we would have a two months' season of destructive floods in the spring and then no moisture during the remainder of the dry season—a repetition on a magnified scale of the annual inundations in Egypt before the upper reaches of the River Nile were tamed by dams and reservoirs.

Now the State Railroad Commission has officially called the attention of the Governor and the people to the situation. It may be that the commission has foremost in its mind the development of artificial water reservoirs for hydroelectric plants and irrigation projects. But it cannot possibly ignore the necessity of preserving also our forested areas.

And it is to be hoped that no friendliness which may be felt for irrigationists and hydro-electric power operators will permit the government to ignore the importance of the free water reservoirs—the forests.

Unless comprehensive efforts are made to preserve the forests against needless destruction by fire and a plan is adopted to reforest the cut over areas all the utterances about the importance of conserving water is shallow pretense.

Two pre-election forecasts seem reasonably well-founded: that Maine will go Republican and Mississippi Democratic.

The election is at hand and Governor Cox has not yet offered any proof of his charge of a \$15,000,000 or a \$30,000,000 Republican campaign fund.

One visible effect of votes for women is the decrease in political arguments among men.

NOTES AND COMMENT

The San Luis Obispo Tribune prints this as a despatch from Berkeley: "Abraham Lincoln and Thomas Jefferson are seeking George Washington. Abe and Tom allege that George collected their rent at a local boarding-house and then skipped. The landlady says George also has the rent of other boarders, as well as some washing money he is said to have collected."

A correspondent writes to the Catalina Islander in the following forcible way: "If I were a fish I wouldn't go around trying to understand a bird. I would be either a bird or a fish, and try to have a mind of my own. I wouldn't be a fish one minute and a bird the next. You can't put any dependence in a fish like that. You don't notice a lemon trying to be a strawberry, do you?"

Doesn't the Byron Times know how to say the nice thing? "An anti-mashing crusade has been started in Oakland. It might be all right in some cities, but not in Oakland. It's almost as impossible not to smile at an Oakland girl as it is to refuse to enjoy the fragrance of a beautiful rose."

The war made many of our women less artistic. So many thousands of them went to work in various industries and got a new view of life, that now that they have gone back, comparatively few family fly swatters are adorned with bows of pink ribbon.—Richmond Record-Herald.

The Redding Searchlight casts a horoscope: "Mary Pickford's Nevada divorce will probably go to the United States Supreme Court for a ruling, and by the time a decision is there reached Douglas Fairbanks will have white whiskers a foot long and Mary be forever musingly her set of store teeth."

The Rio Vista Banner seems to be suspicious: "Neil Peterson is taking a short vacation in San Francisco. He has been away the greater part of the week and we don't believe is living up to what the word vacation implies."

BANDIT GANGS IN HALLOWE'EN GARB INVADE OAKLAND

Series of Robberies, Thefts Reported to Police in Holiday Period

Depredations by bandit gangs, some of whom accomplished their work through the medium of festive Hallowe'en costumes, were numerous in Oakland during the last hours.

The wholesale sacking of homes, bazaars, robbery, the breaking of hotel rooms, and the appearance of heavily armed and apparently desperate marauders, featured the wave of crime. Police authorities declare it the result of the opening of the holiday season, at which time homes are usually left less protected, and residents spend much of their time away.

CLOSER HEAD UP.

The first of the robberies occurred late last night at 5440 San Pablo Avenue, where Joe Gillen, proprietor of a grocery store, lost approximately \$50 to bandits.

The gang, declared by Gillen to be four in number, and each armed with a high caliber revolver, entered the establishment through the front door, and ordered the proprietor to "take it up." Gillen complied and was forced to strip face to the waist, while the bandits went through the cash drawer, following which they escaped in an automobile, previously left near the scene.

At the home of Mrs. Emma Stratton, 710 Jefferson street, early today, a man described as a giant negro, jumped through the window of the woman's bedroom, and threatened her if she attempted to call for assistance. Mrs. Stratton declared she made no attempt to prevent the burglary. The marauder obtained approximately \$50 in cash and jewels.

PEDESTRIAN STOPPED.

Brown of 1312 Campbell street, was the victim of four hold-up men, believed to be the same gang that robbed Gillen. Brown reported to the police that the men searched him at the point of a revolver, but finding no money allowed him to depart unharmed.

Possessives ran rampant through various parts of the city, failing, however, in many attempts to gain entry to rooms.

At the Hotel Vernon the rooms of Gus Karas and Leo Barnett were ransacked and clothing and jewelry taken from each by pass key artists. Similar tactics were employed at the Hotel Carlton, 1827 East Fifteenth street. Five dollars in cash was taken.

CLOTHING STOLEN.

Mrs. "El" Conley complained that valuable articles of clothing had been stolen from his home at 1567 Center street. The arrival of Mrs. Conley in the building, it is believed, frightened the intruder away before he had a chance to search for valuables. A watch and chain were taken from the home of John Adams at 424 Eighth street.

During the service last night at the Salem M. E. Church, 2215 East Seventeenth street, burglars broke into the parsonage and stole clothing and money belonging to Rev. J. M. Braunschweig. The loss was estimated at \$50.

Reports of thefts were not confined to money and clothing. Complaints of girls getting into trouble, especially females, and sundry other odds and ends, that usually constitute Hallowe'en aftermath of complaints from boyish pranksters, were recorded.

One man found his small car of a popular make resting gently on its top with all four wheels in the air. It was undamaged. A small army of practical jokers must have been required to turn the machine over so carefully.

And, of course, there were the "switching" of sign boards and placards, one reading, "No Shimmy Dancing Here," being posted on the door of a downtown church.

ELINOR GLYN ALL WRONG, OAKLAND MAID DECLARES

High School Girl Defends Kissing as Sacred to Youth; Raps Chaperone

"Older people are more evil minded than young ones," says Miss Marjorie Grasser, 19-year-old Fremont high school graduate, who has defined Elmer Glyn.

"Kissing's not so sinful. It is something pretty sacred among girls."

"Why hasn't she been kissed?" she asks. "Girls of 18 today know almost all there is to know. Watching does not help much if they want to do evil. There is much more 'kick' when someone says 'No.'

"Never are women the 'chasers,'" she concludes. "They may make the opening to be 'chased.' Love has changed very little in the last 6000 years. In fact, it has changed tremendously since I was 18."

ELINOR IDEAS.

ELLINOR Glyn started even New York by her new statements concerning the amours of mankind. The love expert and author of much fiction emphasized anew that "woman is the chaser," thus agreeing with Betty Shaw, that after the "captain" she fails in appreciating "caryatids"; that lovers are not appreciated enough by the "handsome huntress"; that love has not changed in the past 6000 years; that the Spanish system of courtship is the ideal; that the chaperone is a fast disappearing person and that all careers are sacred. Says Mrs. Glyn:

"I've surely will," said the officer. "Then I shant prosecute," said the girl, flinging herself out with considerable indignation.

Miss Quack, 175 Alton street, found a lady in distress at Fifteenth avenue and East Fourteenth street. She had been "insulted," she said, by the young man who was escorting her home from a Hallowe'en party.

"He tried to kiss me and I attempted to drag my sharp halberd into a position that she might not kiss him," she said. "I was hysterical and asked to be taken at once to police headquarters. When she arrived there she used a woman's prerogative and changed her mind. She would neither divulge her name nor the name of her male companion.

The police have let the matter drop.

Petersen Ordered to Appear at Hearing

FOLLOWING a recent order commanding Major Harry Huber to appear before the city council and explain why he should not retire as a member of the city service board, during the hearing of Walter Petersen, the latter was cited this morning by the council to appear at the Huber hearing Wednesday.

The order to issue a subpoena for Petersen was passed by the council without discussion. Commissioner Baccus voted "No."

It was alleged by the majority of the members that Huber cannot act as a fair judge in the Petersen case because he was implicated in a Morse recall movement and was also assisted when in trouble by Petersen, who was a fellow officer in the army.

Petersen is called as a witness.

It is asserted by observers that the hearing of the Petersen case is by this move transferred from the civil service board to the city council.

During the service last night at the Salem M. E. Church, 2215 East Seventeenth street, burglars broke into the parsonage and stole clothing and money belonging to Rev. J. M. Braunschweig. The loss was estimated at \$50.

Two Smash Windows, Arrested For Theft

SAN FRANCISCO, Nov. 1.—Attacked by the sound of crashing glass and a burst of pistol fire, two men who were attempting to rob the merchandise store of L. Ichelson, near Market and Seventh street, by smashing a plate glass window with a heavy object.

W. A. Shipman heard the sound of the breaking glass and a few minutes later saw the men emerge with his arms full of clothing. He blew a police whistle and upon the arrival of the police started in pursuit of the fleeing burglars.

"Kissing is sacred to a young girl or boy," she declares in discussing the "promiscuous excesses." It is just natural. They begin at parties with the old game of "postoffice" and parents treat it as a joke and encourage them in it. To the boy or girl it is no joke. Between them it is not "sinful" as they grow older. There are few girls and boys that do not kiss, and our girls are not spoiled.

WOMAN ENDS LIFE OF SELF AND GIRL

SAN FRANCISCO, Nov. 1.—As aftermath of a Hallowe'en party, in which a mother and seven-year-old daughter were gay participants, Mrs. Nellie A. Klein of 233 Clayton

street, returned to her home, removed her costume and that of her little girl, stuffed the crevices in doors and windows, and opened a gas jet. Both were dead when discovered by neighbors who forced open the door.

A strange type of melancholia was given by the woman's husband, Lawrence Klein, a tobacco salesman, and unknown friends as the cause of the tragedy.

According to Mr. and Mrs. William Dorsey, neighbors of the Kleins, the mother and little girl went with them to the party. At

At Age of 64 Her Troubles Are Overcome by Tanlac—Says She Never intends To Be Without It.

"Tanlac certainly is grand medicine to relieve the suffering I endured so long and make me gain thirty pounds in weight in just a few weeks' time," declared Mrs. Edie Iremonger, 186 Turk street, San Francisco, California, recently. "About two years ago my health began to fail and finally I got to where what little I forced myself to eat bloated me until I would nearly vomit, and sometimes it made my heart palpitate so bad it seemed that I would faint."

Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score and ten" to look back over the days that are gone and thoughtfully live those over again. At seventeen, frequently drifting back to the scenes of my boyhood, I see myself in the little drug store I owned at Bolivar, Mo., making and selling a regular compound for my friends and customers. That was fine, but only to Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated. I learned all there was to know about medicine and the results of my efforts were soon known throughout the country.

It was not that they did not catch the bowel, liver and bowel complaints, but the reason of the cure, which was due to the fact that they were not thorough enough in their action, simply acting on the upper part of the stomach, leaving the lower or large intestine, had but they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the effects mentioned above, when taken on an empty stomach, and cutting off the bowels system. If this was accomplished, the medicine would produce a mild, but thorough action on the waste without the usual stirring sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Lewis' remedy, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and the user of Lewis' Remedy as a family medicine, even though you may have to pay a little extra for it, will never fail to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, was gained through my faith in God and the Word of the Lord, the Word of Truth.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each day come to me, telling me how well Lewis' Remedy has helped them.

More than 100,000 have used Lewis' Remedy for ten, fifteen and twenty years,

and more than 100,000 have been benefited by it.

It is wonderful to think my friends, as a man at my age, to feel the same pride in his own success, one can do something for his fellow man. My greatest satisfaction is to know that tonight more than one million people will take a Lewis' Remedy (NR Tablet) and will be better, healthier, happier persons for it. I hope you will be one of them.

It was apparent to police authorities that she had taken immediate steps to bring the attempt to a certain conclusion when she entered the house.

The tragedy was discovered, through a telephone call from Mrs. Nell Lockhart, mother of the dead woman, to Dorsey, asking him to try and arouse Mrs. Klein. Dorsey detected the odor of gas when he entered and forced open the door.

Klein arrived today from Los Angeles where he had been on a business trip to take charge of funeral arrangements for his family.

Read What Chiropractic Did in the "Flu" Epidemic

The United States Government gathered all the statistics available after the "FLU" epidemic, in order to avoid a repetition of it, and to point out a safe and sane, and reasonably sure method of saving human lives, if there was such a method.

Their Report shows that the medical doctors lost 180 out of every 1000 cases treated, while the Chiropractors lost only ONE CASE OUT OF EACH 1000 HANDLED.

Doesn't this prove to you that you owe it to humanity to LEGALIZE the practice of Chiropractic by voting "YES" on Amendment No. 5—The Chiropractic Bill?

The Society offers \$1000 to any Charitable Institution suggested for proof that the present Medical Board has ever granted ONE license to practice Chiropractic as such in the State of California.

Twenty-six other states have legally recognized Chiropractic.

Your neighbor, a friend, or perhaps some member of your own family has been relieved of suffering after only a few simple, inexpensive adjustments, after all other means had failed.

Don't you think that person should be allowed to continue such adjustments if he or she desires?

Then Vote "YES" on Chiropractic Bill No. 5 on Tuesday next.

All the Bill provides is: "That each person shall be permitted to choose his own method of getting well and keeping well, the same as he does his method of working."

No added taxes—the Bill states "that all expenses MUST BE PAID from the examining fees."

Now, we leave it to your sense of fair-play and justice if a regularly graduated and qualified Chiropractor shouldn't be as free to practice his profession legally as a medical doctor, a dentist or a veterinarian?

Then be sure to vote "YES" on No. 5—The Chiropractic Bill, next Tuesday

Amendment Thirteen

Will Save the Widows of California Millions of Dollars
Practically every bank has a trust department devoted to handling estates.

Any attorney will tell you that the probate business is one of the most profitable departments of legal practice.

In fact it is so profitable that the banks and the attorneys are now fighting over it.

AMENDMENT THIRTEEN will save the wife just half of the attorney's and executor's fees in having the estate probated. This money is taken from the bank's and the attorneys and goes direct to the wife. IT WILL AMOUNT TO MILLIONS OF DOLLARS.

It has been charged that AMENDMENT THIRTEEN will cut credit in two and force a wife to the annoyance of signing all of the notes and commercial paper in her husband's business.

This is not true. The amendment makes the community property liable for all debts exploding the reduced credit argument and does not call upon the wife to sign any more papers in connection with her husband's business than she does now. It will not involve her separate property in any way.

If you believe that a wife has the right to will her share of the community property to her children and to secure her share of the property upon the death of her husband without paying exorbitant fees to the banks and lawyers.

ROWELL URGES PHELAN SUPPORT

Chester Rowell, the Fresno editor, spoke to a crowded house at the Berkeley High auditorium Saturday evening. He urged all Republicans to vote for Senator Phelan, renewed his endorsement of the League and the Non-Partisan League, and the League contended that Cox and Roosevelt should be elected.

Dr. Raymond C. Brooks opened the meeting by introducing as chairman Mrs. Fred W. Seaby, a progressive Republican, who in turn briefly introduced Rowell, who began by addressing the audience as "fellow Democrats," saying he hoped soon to reside among them. Although he had frequently introduced speakers in this campaign in other talks, this was his first political speech. He wanted people to say why he was for one of the presidential candidates and against the other.

"California now has two senators," he said, "in Washington. If Senator James D. Phelan should be defeated California would have a senator and a quarter. If you have any respect for the Republican party, for heaven's sake, vote for Senator Phelan. The election of his opponent would be a disgrace to California and would only drag that state down. I have known both Senator Phelan and his opponent for a lifetime. I have always found Senator Phelan on the right side of every question. I have found his opponent just as consistently on the wrong side."

Senator Phelan will speak tonight at the Berkeley High School auditorium, and will be introduced by Mrs. Lewis Hicks, prominent Republican club woman. Mayor Bartlett will preside.

Republican Senate Is Urged By Hoover

STANFORD UNIVERSITY, Nov. 1.—Herbert Hoover, former U. S. Food Administrator and ex-chairman of the Supreme Economic Council, issued a statement at his home here today in which he said he considered a "vital that we should have a Republican Senate that will support the Republican platform that we shall undoubtedly elect." The statement said in part:

"As to the league issue, this fight, as Senator Harding says, is not a fight over the league or 'no' league, but over the 'league or 'a' league or association of nations."

"Secretary Hughes, I believe, himself to take the leadership in bringing about the consummation of this vital principle of definitely organized international action that will secure the entry of the United States and the preservation of peace."

He has stated that he will accept all that is good in the present covenant,

and that America will perform her full part in this matter. I believe that the Republican party will be in tune with the full responsibility of carrying out its pledges. This cannot be done unless it shall dominate the legislative side of the government as well as the administrative."

The statement also said that "the league as written could never be put over by Mr. Cox even if elected, and a considerable modification would need to be made in it."

Solid South to Stay Solid, Say Bourbons

ATLANTA, Ga., Nov. 1.—Contests in half a dozen scattered congressional districts where the outcome is said to be in doubt continued today to stimulate interest among Southern voters in tomorrow's election.

While Democratic leaders expressed confidence that there would be no break in the "Solid South," the Republicans who have conducted a vigorous campaign said they expected to make an unprecedented showing and predicted that the Republican nominees in several Congressional districts would be elected.

Democrats claim Governor Cox will carry Tennessee by a 16,000 majority. Although Republican leaders have not been claiming the State for Senator Harding, they have been predicting victory for their gubernatorial nominee.

Non-Partisan League Fight in Montana

HELENA, Mont., Nov. 1.—Montana electors will go to the polls tomorrow to cast their ballots for or against the Non-Partisan League whose candidates were the Democratic ticket at the August primary. The last stages of the campaign were bitter. U. S. Senator Henry L. Myers having forsaken the Democratic ticket and supported the Republican state nominees. U. S. Senator T. J. Walsh supported the Democratic nominees. A complete state ticket is to be elected.

CITY OFFICES TO CLOSE.
All municipal offices will be closed tomorrow on account of election day, except the police and fire departments.

EXPRESS THEIR VIEWS ON

United States Senator James D. Phelan

CHESTER ROWELL, Republican, and father of the progressive movement in California, who, with Hiram Johnson buried the Southern Pacific machine, Regent of the University of California, says:

"California now has two Senators at Washington. If Senator Phelan should be defeated, California would have just one and a quarter Senators there."

"If you have any respect for the Republican party, for heaven's sake vote for Senator Phelan. The election of his opponent would be a disgrace to California and would only drag the Republican party down."

"I have known both Senator Phelan and his opponent for a lifetime. I have always found Senator Phelan on the right side of every question. I have found his opponent just as consistently on the wrong side."

DR. AURELIA HENRY RINEHART, president of Mills College, Republican leader and educator of national fame, says:

"California will not forget the splendid record and service of Senator James D. Phelan, and will return him to Washington to finish his work. I have too much faith in the intelligence of the electorate of California to believe that Senator Phelan will not be re-elected."

JOHN FRANCIS NEYLAN, friend and political associate of Hiram Johnson, former president of the State Board of Control; progressive leader and newspaper publisher, says:

"To my mind it would be a political tragedy should Senator Phelan's opponent be elected. Senator Phelan has been consistently progressive and I deem it essential to keep alive the progressive spirit in California."

FRANCIS J. HENEY, former progressive candidate for United States Senator against James D. Phelan in 1914. Leader in the fight for decency and clean political conditions in California, says:

"Senator Phelan is progressive in every sense of the word. His record is a splendid one. The people should know that the sinister influence of reaction is endeavoring to defeat the re-election of Senator Phelan."

The Japanese Problem

The Japanese problem in California is a real one. It must be met and settled now, before it gets beyond us. The silent invasion of California by the wily Jap must be checked. We can accomplish this effectively and finally by

Re-electing JAMES D. PHELAN

United States Senator

NOVEMBER 2nd, 1920

Senator James D. Phelan is recognized in Washington as California's leader in her fight against Japanese invasion.

Stand by your leader and show Congress and Tokio that California is in earnest in her fight against the Jap.

To change leaders now is to undo all that has been done.

Japanese money is being lavishly spent in spreading propaganda, seeking to defeat Senator Phelan and elect his opponent.

A Laundry Problem in Simple Division

The Family Laundry Service of the modern laundries of the East Bay Cities is merely a problem for you in simple division.

Divide your present washday toil and worry by four, and you have the answer.

Multiply by four the time you now have to yourself, and there's your proof.

The modern laundries of the East Bay Cities call for your family bundle and wash everything sweetly clean in soft, fresh water, with the purest of mild, white soaps.

All your flat pieces, sheets, tablecloths, napkins and towels, are nicely ironed and neatly folded.

Close Fight For "Big Ten" Football Title

CHICAGO, Nov. 1.—Football affairs of the Big Ten conference are pointing themselves to a repetition of the 1919 situation, with Illinois, when Illinois and Ohio battled for the championship. The Buckeyes and the Illini are the only undefeated teams in the conference, as the result of Saturday's games.

Each of these teams, however, face at least one tough battle before the final meet, on Nov. 15, in which the game that may decide the title. Illinois must triumph over Chicago and Wisconsin in order to keep her slate clean, and the mud-daubed Michigan is a powerful combination that is improving with every game.

FOOTBALL PLAYER DIES:
PHARR, Texas, Nov. 1.—Nelson Demange, 19, left halfback of the Parr San Juan-High school football team, died yesterday of injuries received in a football game with McAllen Friday.

New Crank Case Service for Motorists

YOU probably know that after a few weeks of driving your lubricating oil becomes dirty with carbon, road dust and fine particles of metal, which circulate through your engine and cause unnecessary wear on bearing surfaces. And gasoline escapes past the pistons and dilutes the oil. Granted, there's nothing new about that—but—

Here's an absolutely new way to get rid of this dirty, diluted oil and put your engine in line for better performance and longer life. It is called Modern Crankcase Cleaning Service.

Modern,—because we use Calol Flushing Oil, the new, scientific,

thorough flushing agent that does not contaminate the fresh oil.

Our skilled mechanics know how to clean out a crankcase with it correctly and quickly, at a nominal cost to you.

This service assures proper lubrication for your cleaned engine. We refill the crankcase with fresh Zerolene of the correct grade.

We recommend Modern Crankcase Cleaning Service as the latest word for better engine operation and longer life for your car.

TODAY: Bring in your car for Modern Crankcase Cleaning Service.

Camel CIGARETTES

Winston-Salem, N.C.

Monday

Dear Petey:-
Bet you a house and lot you'd stay in W-S a month if you ever got to know folks here like I have. Between business and Reynolds factories and a full time—well, my date book has been bubbling over! And, I'm still running into facts that would stagger even your imagination, old football, with all your kick!

Pete, take it straight from government figures direct to you, that every work day in the week R.J. Reynolds Tobacco Co. buys from our "Uncle Sam" enough revenue stamps to pay for a duplicate of the handsome new Winston-Salem post office building! Ever hear of such a thing?

And, if you want to get an eyefull of an army of more than 15,000 people, be down in the Reynolds factory district when the whistles blow! Never saw such a cigarette firing up time in my life! Looks like more folks than you ever saw at a Princeton-Yale football game!

Peter, every time you light a Camel in the future, call back on what I've slipped you about Camels—absolutely, the greatest cigarette at any price—for quality, for refreshing flavor, for mellow mild body, for freedom from any unpleasant cigarette aftertaste or odor! It's worth the busiest smokers time to compare Camels with any cigarette in the world! Camels are simply a revelation! You know that!

I'll spill you a lot more just as quick as I get a whack at you across the dinner table!

I'll open my eyes in Atlanta tomorrow! In the meantime here's a wad of best wishes I have in stock!

Yours shortly.

**WOMEN'S CLUBS
REPUDIATE 'ADS'
FAVORING LEAGUE**

Reaffirming the policy of the California Federation of Women's Clubs as being opposed to the forwarding of partisan politics; expressing confidence in Mrs. W. A. Fitzgerald of Fresno, first vice-president, and editor of the Clubwoman, and voicing regret that the business management of the official organ of the state body accepted the two-page advertisement sponsored by the League of Nations and the candidates of Governor Cox and Senator Phelan appearing in the October issue, an armistice has been declared in the civil strife which threatened to disrupt the organization.

The executive board of the federation met on Saturday in the Twentieth Century Clubhouse of Berkeley, when resolution was adopted, defining the position of the state body representing 50,000 members. Mrs. Aaron Schloss, president, presided.

INQUIRY ORDERED

Banffito, however, are not to end the matter, appointment of a committee of three to confer with the publisher and business manager of the Clubwoman was authorized. The personnel of this investigating body will be carefully considered by Mrs. Schloss before it is made public. The magazine is issued from Los Angeles. While the federation is allotted certain portions of space, it does not receive publication. The committee will be instructed to take steps toward making a new contract with the management.

The resolution adopted by the state executive board follows:

Whereas, the October number of the Clubwoman contains a two-page and other political advertisements; and

Whereas, the policy of the California Federation of Women's Clubs is opposed to all partisan political propaganda; therefore be it

Resolved, that the state executive board of the C. F. W. C., in session October 30, 1920, expresses regret that the business manager accepted these advertisements, and be it

Resolved, that the board expresses its confidence in the editor of the Clubwoman, Mrs. W. A. Fitzgerald, who had no knowledge of these advertisements.

STORM OF PROTEST

Receipt of the October number of the official organ of the Clubwoman precipitated a storm of protest from the organizations throughout the state last week.

Special meetings of boards of directors were hastily called, and letters denouncing the acceptance of the declaration favoring the League of Nations and Democratic candidates dispatched to the executive board.

PASTOR TO RETURN

**"Party Line Ethics" -- Hear Ye Phone Users,
These Rules May Appear "Other Fellow"**

Yes, dearie, that girl on our line must have had a quarrel with her beau. This is the first evening we've had the line for days. Yes, it's so nice to visit this way. I hope they never make up. She's such a brassy thing, too. Indeed, I do! I just love currant jelly. You don't mean it! How nice of you well, dearie, I'm no perfect thirty-six any more, an' if my feet didn't hurt me—What's that? I won't get off the line! This is the first time I've been able—Mind your own business. I pay for this, don't I? Yes, dearie, th' hussy is tryin' to get on th' line again. She wants to make up with him. Beats all th' gall of some people!—Oh, you're one, too. You gotta be reported. Never in my life have I heard such a brazen—There she's gone. Are you there? Are you there, dearie? It's terrible. You can't get a word in edgewise. Marcel? Oh no, natural!—I won't do it! I wish they'd make up 'n get married an' maybe they wouldn't be able to afford a tele—etc etc And etc. the rest of the evening.

District Manager Gives Out

Word Battles.

"Party-line etiquette," a question of interest to subscribers who have served with this type of telephone connection, was defined here yesterday by J. D. Holmes, district manager for the Pacific Telephone and Telegraph Company.

Holmes believes this pitiful bit of information will have the effect of bringing a realization of the rights of the "other fellow," and that it will aid in the use of the service.

Holmes is of the opinion that the name "party-line" implies a limited service; limited to the extent that the use of the line is shared by more than one subscriber.

"It is satisfactorily and admirably suited to the purpose for which it was designed, if properly used.

"It is unsatisfactory if a person overlooks the fact that another shares the same line.

The "other fellow" has an equal right to its use.

"If one monopolizes the line for long periods at a time, or at frequent intervals, he prevents his

SAN FRANCISCO, Nov. 1.—Assignment of Harry Brodsky, Douglass Newton and Jules Gamare, under indictment in connection with the federal "bootlegging" investigation, went over today until Wednesday.

The three men appeared in the Federal Court before Judge Morrow, who postponed arraignment on account of the absence of Judge M. T. Dooley, before whom they are to be tried.

Further developments in the investigation of the bootleggers' ring are promised by federal officials for

Thursday when the grand jury meets again.

Mrs. Warburton has said she will reveal inside information of a political plot which she says has been the controlling factor in the whisky ring.

FOR GOOD ROADS, VOTE YES
ON AMENDMENT "0."

**CHAMBERS RAPS
AMENDMENTS ON
LOCAL BALLOT**

Amendments one and three on the city ballot have for their purpose the breaking down of the principles of good government and a reverting to the "spoils" system, according to J. P. Chambers, president of the Oakland civil service board, who has issued a public statement asking a negative vote on the amendments. The statement follows:

To the Citizens of the City of Oakland and the Friends of Good Government:

The Civil Service Board of this city, being a non-political body, has consistently refused to be brought into the political differences of the members of the city council, and were it not for the fact that a certain faction of the city council desires to foster upon the unsuspecting public certain proposed charter amendments affecting the civil service provisions of this city, it would not now raise its voice in protest.

THERE'S AMENDMENTS

On a special ballot at the election of November 2, 1920, there will appear three proposed charter amendments. The two amendments the civil service board is most concerned with are Amendments one and three. Number one relates to the exemption of the secretaries of the several city commissioners from civil service; number 3 relates to the taking away the right of appeal of civil service employees of the city. These proposed amendments have for their purpose the breaking down of the fundamental principles of good government and a reverting back to the "spoils" system.

The advocates of these proposed charter amendments are, by misrepresentation and subterfuge, endeavoring to mislead the public. The truth of the matter is that these advocates of the proposed amendments do not want civil service at all. It is in their way and prevents them from manipulating the city commissioners as they wish. They propose the fact that the members of the city council, advocating these amendments, have attacked and belittled the work of the civil service board consistently for the past year. They have crippled its office force, cut down its appropriations, taken away some of its powers, and now, by these amendments, they propose to take unto themselves further civil service powers.

WHY DO THEY WANT TO DO THIS?

There can only be one answer to this question, and that is that they want to build up for themselves a political machine of city employees; a machine which will enable these commissioners to perpetuate themselves in public office, a thing which cannot now be done, because the present civil service provides for the city charter machine impossible.

On behalf of the civil service board, I therefore appeal to the good citizens of this city to retain in the city government the "merit system," and to put their stamp of disapproval upon these amendments.

**'HOODOO' FOLLOWS
WATSON'S TRAIL;
'BLUEBEARD' ILL**

"Bluebeard" Watson, ill at San Quentin, has been given a new role. The self-confessed slayer of nine or ten wives who has written a tear-stained and almost incoherent denial of any part in the murder of Ella Carlson and who has finally been eliminated from the list of suspects in that crime, is being called a "hoodoo-worker."

To the Citizens of the City of Los Angeles where a great part of the work is carried on, Watson was sent, and where he was trailed by various detectives and officials, a string of hard luck stories and tragedies has fallen in the camp of those whose efforts sent Watson to jail.

When Chalmers Couts, brother of Deputy Sheriff R. L. Couts, who was one who had much to do with the fanning out of the various angles of the case, was murdered, the blow fell most heavily on the official. Next came the death of a daughter, J. J. Armstrong, private detective, who talked "bluebeard" into it. It was not long after that Armstrong was prostrated by a nervous ailment.

To continue the string of coincidence, Deputy Sheriff Harvey Bell, prominent in the case, became seriously ill and is recovering in a hospital. There is no one who will say right out that he believes Watson is exerting a malign influence on the man responsible for his incarceration, but those who are superstitious are holding much of the misfortunes which have recently come to Watson's cell in San Quentin.

Watson himself is desperately ill. His crimes were discovered when the body of one of his victims, Nina Lee Delaney, was found buried in a sandy grave at the edge of the Imperial valley after he had confessed the slaying and told where it was to be found.

"Go on," urged Matus.

"Suddenly I fell."
